MANY DEAD FROM COLORADO FLOODS

LAST OF STATE GUARDSMEN LEAVE TULSA QUIET AND ORDERLY AGAIN

Committee of Business Men Still Working on
Plans for Re-building; One Negro Held on
Charge of Stirring Up Trouble; National
Government to Make Investigation; Others
May Be Arrested.

(By the Associated Press)
TULSA, June 4.—The last state
guardsman, mobilized here to put
down the race war of Tuesday
night and Wednesday morning,
which cost 31 lives and approxi-
mately \$1,500,000 in property loss,
was withdrawn this morning, when
325 Tulsa militiamen entrained for
Ft. Sill, leaving the city in con-
trol of city and county officials,
reinforced by deputized former ser-
vice men. The local guard units
were ordered to Ft. Sill for the
encampment of the Oklahoma militia
beginning tomorrow.

Business and social life here was
not being restored to normal fol-
lowing the lifting of martial law
late yesterday afternoon.

Preparations for a grand jury
investigation to fix the responsi-
bility for the race outbreak, which
will begin June 8th, were being
made today by the county attorney
assisted by a committee of the
Tulsa county bar association.

A. H. Smitherman, negro, brother
of A. J. Smitherman, editor of
a negro newspaper, which is al-
leged to have been a headquarters
of the negro rioters, was held in
the county jail today without bond.
County officials also were seeking
A. J. Smitherman. He left town
during the rioting but telephoned
the sheriff he would return when
the trouble subsided.

J. B. Stratford, an alleged negro
leader, was being held in Inde-
pendence, Kansas, according to word
received by Sheriff McCullough.
The sheriff said an effort would
be made to have him returned here
without a requisition. No charge
has been placed against Stratford.

The death of Robert Hankson,
27, tool dresser, brought the list
of white dead up to ten today.

The bodies of 21 negroes have
been found. There are many here
who declare that more negroes
were killed, that the bodies were
burned or destroyed, but investiga-
tion of these reports leads to nothing.

For the most part negroes were
back at work and individual em-
ployers were caring for their own
workers. Those who did not have
jobs were ordered to accept work
cleaning up the city or go to jail
as vagrants.

The Citizens Committee of Wel-
fare met again today in an attempt
to formulate a plan of reconstruc-
tion of negro homes, but nothing
definite had been decided upon this
morning.

U. S. To Investigate

(By the Associated Press)

MUSKOGEE, June 4.—That the
federal investigation of the race
riot at Tulsa, ordered yesterday
by Attorney General Daugherty,
probably will be a special one and
will not come through the regular
channel of the next term of fed-
eral court at Tulsa, was the opinion
expressed today by Frank Lee
of this city, United States Attorney
for Eastern Oklahoma.

Preparations for
Pure Food Show Are
Progressing Nicely

Great preparations are being
made by the ladies of the First
Christian church for their mam-
moth pure food and baby show, to
be given all next week in the city
hall. Mrs. George Zachry of Green-
ville, Texas, is in the city and has
charge of the work. There will be
38 booths in this show, each booth
representing a business house of
the city.

The booths are being decorated
in gay colors, elaborate prepara-
tions are being made for the baby
show and those who are managing
the show are confident that it will
be a success. Two shows will be
given each day, one in the morn-
ing and one in the evening.

Musical programs will be given
at the evening shows, refreshments
will be had, souvenirs will be given.
The country store will be in
charge of Mrs. Tunnell. Every moth-
er is urged to bring her baby
and enter it in the show. No entry
fee will be charged and babies of
different ages will be shown.

The only fee to be charged is
the 10 cents for admission, which
admits the visitor to all the attrac-
tions of the hall. The first show
will begin at 7:30 Monday evening
in the city hall.

You will save money by reading
the ads.

ATTORNEY ASKS DEATH PENALTY

Prosecution Insists Chester
Can Talk; Traces
Movements.

CHESTER ACQUITTED

KANSAS CITY, June 4.—
Denzel Chester was acquitted
by a jury this afternoon of
the Murder of Miss Florence
Barton.

By the Associated Press

KANSAS CITY, Mo., June 4.—
Cameron L. Orr, prosecuting attor-
ney in his argument to the jury this
morning asked that Denzel Chest-
er be found guilty of first degree
murder, for the killing of Miss
Florence Barton, and that the death
penalty be assessed against him.

He traced Chester's movements
the night of the crime. Art Lep-
part had told of seeing him with
two men in an automobile prior to
the crime and two policemen saw
the same car again with three men
about one o'clock in the morning,
following the murder, and between
two and three o'clock Robert (al-
leged accomplice) reached home, he
added.

"The hand of destiny was work-
ing there," Orr exclaimed.

As soon as they had committed
the crime they raced back to Kan-
sas City and two police saw them.
"Chester," he asserted, "could talk
did you see him once on the wit-
ness stand when Aylward asked him
a question open his lips and almost
told?"

Physicians have testified that
this man can talk. He eats and
sleeps well. Chester's physical con-
dition should have no weight with
the jury any how," Orr declared.

CITIES MAY FORBID UNDESIRABLE MEETINGS

By the Associated Press

NEW YORK CITY, June 4.—
The appellate division of the su-
preme court decided today in
Brooklyn that the city of Mt. Ver-
non was within its right when it
refused to allow socialists to hold
a street meeting October 2nd, 1920.

The socialists had asserted that
the action abridged the right of
free speech.

H. W. Carver, well known in
Ada, has formed a partnership with
his uncle, George C. Crump of
Holdenville, and is opening a law
office in Wewoka. The firm name
will be Carver & Crump. Mr. Car-
ver is a graduate of the East Central
Normal and for several years
was the Coalgate teacher and athletic
director of the Coalgate high school.

VETERANS AT THE CHRISTIAN CHURCH

By the Associated Press

The meeting of the Confed-
erate Veterans Sunday after-
noon has been changed to the
Christian Church on South
Broadway instead of at the
City Hall, as announced Fri-
day. The change was made
necessary on account of the
Ladies of the Christian church
having the auditorium of the
City Hall arranged for the
Pure Food Show.

A good attendance of the
veterans, their sons and daugh-
ters, as well as others is ex-
pected. Rev. C. C. Morris
will lecture on the life and
works of Jefferson Davis.

Read the want ads every day.

GARY SOUNDS OPTIMISTIC KEYNOTE OF OUR FUTURE PROSPERITY

Says Judge Gary of the U.S. Steel Corp.
Our resources are so great our facilities for carrying on
affairs so satisfactory we know that before us is the greatest
prosperity this country has ever witnessed.
This is the time for encouragement a time to be hopeful a time
to be optimistic and we'll all come out all right.
I have never lost my faith in the future of the industry
or the future of America.

PONTOTOC COUNTY FRUIT CROP SMALL

More Grapes and Very
Small Peach Crop
Reported.

That Pontotoc County is to have
a small amount of fruit in spite of
the late freezes, is the information
given out by Joe Rushing, one of
the leading fruit and berry growers
of the county. Mr. Rushing says he
will have almost no peaches, about
one-fourth of an apple crop and
more than one-third of a grape crop.

The fruit is expected to be of a
superior class, due to the smallness
of the crop.

Mr. Rushing says this is the
nearest failure he has ever made,
and he has been growing peaches,
apples and grapes for more than a
dozen years.

Reports from other parts of the
county say a full crop of peaches
can be found in segregated places.
Many trees in town have from one-
fourth to a full crop. Some or-
chards in the Beeline community and
others in the Tyrola country are re-
ported to be carrying a fair crop.

Apples escaped the freezes much
better than the peaches, according
to all reports.

Oklahoma City Team Is Coming for Game With Local Ball Club

The Ada baseball club have taken
on another strong team for their
game here tomorrow afternoon. This
team is the Crane company team
of Oklahoma City, a member of the
Oklahoma City league and one with
a good record this season. Manager
Sparks of the Ada club has added
to his pitching force and has been
giving his men some strong work-
outs to get them in a condition to
meet these city visitors.

The game will be called at 2 p.m.
as the Oklahoma City team will
be forced to return to the city on
the afternoon Katy, Lefty Waner,
the new addition to the pitching
staff will be given his first chance
to appear before the Ada fans to-
morrow afternoon.

With the weather in the proper
condition, the roads just right after
the rain, the creeks and ponds
inviting the fisherman, the cool
shade of trees inviting the merry-
makers, it is expected that Sunday
afternoon will see many of the resi-
dents of the city in cars and off
for the choice locations. Several
parties are being planned today.

Read the want ads every day.

Last Minute Telegraph

President Visits Knox

WASHINGTON, June 4.—President
and Mrs. Harding left here at
8:30 this morning for a week end
visit at the Pennsylvania home of
Senator Knox, near Valley Forge.
Brigadier General Sawyer, the
president's physician, and Secretary
Christian also were in the party,
which also planned a picnic lunch-
eon enroute on the banks of the
Susquehanna river.

Men Attack the Mitchell
OLD POINT COMFORT, Va.,
June 4.—A party of masked men
boarded the shipping board steam-
er Mitchell in Hampton Roads to-
day and attacked the crew, badly
injured eight and slightly injured
several others. A naval detach-
ment answered the Mitchell's call
for help, but before the blue jack-
ets arrived, the attackers escaped.

The heaviest reduction was made
in the department of Frank Carter,
state auditor, the cut amounted to
\$20,652. Fred Parkinson, state ex-
aminer and inspector was reduced
\$4,000. Carter's office will receive
\$49,835.

NOTICE MASON

Ada Lodge No. 119,
A. F. & A. M., will
meet in emergency
communication to-
morrow (Sunday) at
2 o'clock p. m. to at-
tend the funeral of Bro. Dr. C. L.
Orr. Members are urged to be pres-
ent promptly at 2 o'clock. John
Thrasher, W. M.

THE WEATHER

Tonight and Sunday partly
cloudy. Probably scattered thun-
der showers.

Dr. A. Linscheid, President of the
East Central Normal.

Under Dr. Linscheid's adminis-
tration, the East Central Normal
school has grown to be one of the
largest and most influential in the
state. With eleven hundred teach-
ers in attendance this summer, the
school is taking on new life.

APPROPRIATION BILL APPROVED

Governor Signs Appropriations
Bills for State Institutions.

(By the Associated Press)
OKLAHOMA CITY, June 4.—
Funds for maintenance of state de-
partments in 1922 and 1923 are
available today, the bill appropriating
them having been signed and made
a law late yesterday by Governor
Robertson.

The bill as signed carries approxi-
mately \$5,796,462.64, the Governor
removing funds totaling \$26,
452.00 before affixing his signature.

The heaviest reduction was made
in the department of Frank Carter,
state auditor, the cut amounted to
\$20,652. Fred Parkinson, state ex-
aminer and inspector was reduced
\$4,000. Carter's office will receive
\$49,835.

STUDENTS AND SOLDIERS CLASH ABOUT THEIR PAY

PEKING, June 4.—Several hun-
dred students, teachers and others
came to live in the Miller home, three
miles east of Ada, some months
ago. Previously she had been an
inmate of an orphanage home in Ok-
lahoma City. Miller is alleged to
have fondled the child and made
improper advances toward her.

Witnesses testified that they had
seen Miller take the child in his
arms while out in a field.

Big Crowds Throng Streets of Ada on Saturday Afternoon

Ada reminded one of the big
business days of early 1920 this
afternoon as thousands of farmers
and city folks thronged the streets.
Many were trading, and business
was brisk in many lines.

Reports from many sources are
that the general business condi-
tions of the town and county are
improving. Those given to opti-
mistic forecasts believe their fore-
casts are borne out by such days
as this.

In the Congressional Record you
miss half the humor. You can't hear
the naive statesman's quaint pro-
nunciation.

WORST STORM EVER KNOWN SWEEPS OVER EASTERN PART OF STATE

Property Loss Totals Many Millions; Cities In-
undated; Arkansas River Lowlands Over-
flow and Inhabitants Flee to Hills; Water
Reaches Second Floor of Colorado Springs
Residences.

(By Associated Press)

KANSAS CITY, Mo., June 4.—A message received
here at 1:30 o'clock from Pueblo was to the effect that
the death toll of the flood which swept eastern Colorado
might possibly reach several hundred. Details were
coming in slowly.

From all over the stricken area of homes, people by
the hundreds are fleeing to the highlands. Thousands of
cattle were drowned and millions of dollars worth of
damage done to crops and farms.

A reporter of the Associated Press has left Denver
in an aeroplane in an attempt to reach Pueblo.

The damage caused by the flood in Pueblo alone is
estimated by some to be over two million dollars in the
railroad yards alone, and at more than four millions in
the town. The yards are a sea of mud and slime strewn
with wrecked box cars and other railroad equipment.

The state rangers under commanding officers have
taken into temporary shelter the 100 families of home-
less from the eastern part of the city, a section inhabited
mostly by foreigners and steel workers.

Wire communication with Pueblo is to be re-estab-
lished soon, it is believed. Rain was still falling in
Northern Colorado and Southern Wyoming.

Denver officials predict that the communication ser-
vice will be normal in forty-eight hours.

DENVER, Colo., June 4.—A message telling of ter-
rible havoc wrought by floods last night following cloud
bursts reached here today from all parts of Colorado
east of the Rocky mountains. The greatest damage and
probable loss of life was reported from Pueblo, where
several fires were reported to be still burning late last
night, though flood waters had receded six feet.

ious Charge.

WHY NOT SPEND YOUR VACATION ON YOUR OWN ISLAND?

VACATION CLUB ON WAY TO CAMP IN ONTARIO'S WILDS - A COZY CABIN IN THE PINES

How would you like to own an island in the Northland, an island holding a snug summer cabin? There is no reason why you should not own one if the idea appeals to you. Ontario's vast waterways contain countless islands of all sorts, shapes and sizes. Most of them belong to the provincial government and are for sale at ridiculously low figures. Ten dollars per acre is the average price. As many of the islands are less than an acre in extent, you may purchase one of them for a nominal sum.

In the French River district, so well beloved of sportsmen, are many island-dotted lakes. Most of these waters are little visited and well stocked with fish. Trout Lake, reached by an eight mile boat ride from Papet station, is noted for its excellent fishing and scenic beauty. This beauty is due, in large meas-

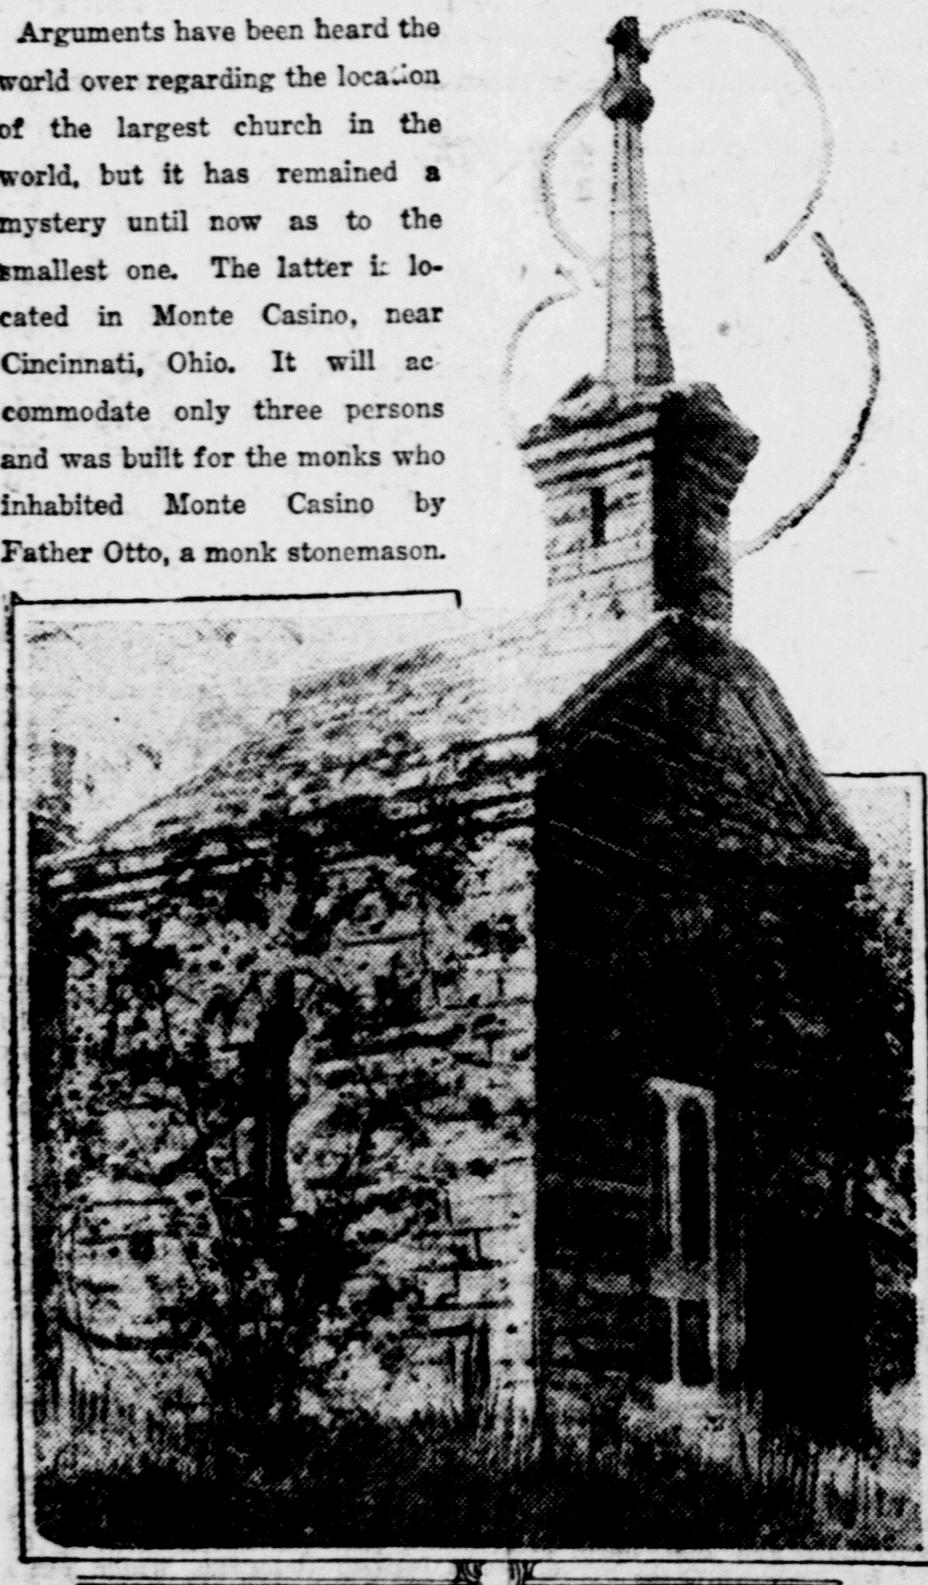

ure, to the pretty islands. Some of them have been used for several seasons by camping parties, but nearly all still belong to the government and hence are available for purchase.

Working northeast from Trout Lake, the wide expanse of Lake Nipissing is entered. Here are many islands with fine beaches. One of the larger of these islands will hold a boy's camp this summer.

Crossing Lake Nipissing, town of North Bay is reached. This is the gateway to a lake region that stretches northward. Timagami Lake, 72 miles north of North Bay, an octopus-like lake with nine long arms, contains 1,600 islands. Count 'em. They have all been numbered by the government.

They range in size from a few square feet holding a lone pine, to Timagami with its 3,000 acres of forest trees.

HERE'S WORLD'S SMALLEST CHURCH

World's smallest church at Monte Casino, near Cincinnati, Ohio.

Will Build Homes C.O.D.

From the Scientific American. Simon Lake of torpedo boat fame has found and removed the flaws in Edison's plan for "ready built" concrete houses and is preparing to put his new scheme into effect on a nation-wide scale.

The most remarkable part of Mr. Lake's scheme is that, instead of building the house on the lot, necessitating a vast amount of labor for putting up and tearing down expensive forms, he will build monolithic concrete units from standardized forms in factories, and deliver the finished house ready for occupancy to the lot.

The walls, floors and ceilings of the house are hollow, with only $\frac{1}{8}$ inch thickness of cement on the inside and $\frac{1}{4}$ inch on the outside. A house of this construction has stood

tests more severe than if it had passed through a half-dozen San Francisco earthquakes.

These tests included transportation by motor truck five miles at speeds up to fifteen miles an hour. The motor truck is a specially designed 10-wheel affair, which carries the house swung low on a structural steel cradle. It is equipped with hoists and other machinery for handling the house in putting it on and taking it off the truck. It is believed that two men can load, deliver and set up a house complete within a radius of fifty miles of the factory in one day.

As startling as are the engineering features of the house, they are hardly less so than the architectural features. The work of Robert C. Lafferty. By the application of a number of ingenious devices one unit of this construction, measuring 12 1/2 x 28 1/2 feet, is made to serve all the practical purposes of a 5-room house.

Doors, windows, walls, etc., are not arbitrarily fixed, and the ef-

DELEGATES TO PRESS
CONGRESS SELECTED

(By the Associated Press)

COLUMBIA, Mo., June 4.—The first five states to select delegates to the Press Congress of the World at Honolulu, Oct. 4 to 14, are Iowa, Louisiana, Colorado, Mississippi and Nebraska. The governors of these states have selected the following:

Mr. D. W. Norris, Marshalltown, Iowa; Mr. W. M. Hamilton, Marcus, Iowa; Mr. O. S. Bailey, Waukon, Iowa; Paul E. Stillman, Jefferson, Iowa; W. F. Muse, Mason City, Iowa; Col. D. D. Moore, Times-Picayune, New Orleans, La.; Col. J. M. Thompson, publisher, The Item, New Orleans, La.; Major C. P. Mansfield, The State-Times, Baton Rouge, La.; J. Walker Ross, The States, New Orleans, La.; Major Dolph G. Frantz, The Journal, Shreveport, La.; J. Walker Preston, The Post, Denver, Colo.; A. L. Craig, Paonia, Colo.; J. M. McDevitt, The Herald, Durango, Colo.; Thomas L. Blackwell, House of Representatives, Denver, Colo.; A. A. Parkhurst, The News-Herald, Boulder, Colo.; James K. Vandeman, Jackson, Miss.; A. C. Anderson, Ripley, Miss.; F. R. Birdsall, Yazoo City, Miss.; E. J. Adam, Pass Christian, Miss.; S. Joe Owen, New Albany, Miss.; George C. Snow, Chadron, Neb.; O. O. Buck, Harvard, Neb.; Adam Broode, The Tribune, Hastings, Neb.; Gene Huise, The News, Norfolk, Neb.; F. O. Edgecombe, The Signal, Geneva, Neb.

More than half the governors of the 48 states have informed Dean Walter Williams, of the Columbia School of Journalism, President of the Congress, that lists of their selections would be furnished at an early date.

Dean Williams will go to Honolulu ahead of the delegates, as he has been appointed a delegate from the United States to the first Pan-American Educational Conference which will be held in Honolulu, August 11 to 21.

Will Wilke, of the Grey Eagle, Minn. Gazette has been appointed chairman of the committee on transportation for the Press Congress.

FIELD EXPERIMENT WAS
ATTEMPTED BY SCHOOL

(By the Associated Press)

URBANA, Ill., June 3.—For ten years the University of Illinois has been operating one of the most comprehensive limestone field experiments in America. This field is located on land typical of southern Illinois and was established through the efforts of the late Dr. Cyril G. Hopkins of the University, and the experimental work was planned by him. This tract of land is divided up into some 164 small plots. Each of these plots either has no soil treatment applied to it or it is treated differently from the adjoining plots. Such an arrangement gives many valuable comparisons showing the influence of different methods of soil management.

In this connection the 1-unit house is of particular interest, for it represents housing reduced to its lowest terms. These units will sell, complete and delivered on the foundation, for as little as \$1,500. The front door opens into a little vestibule, with a coat closet. The center of the house is occupied by a combined dining and living room. A large mirror on one wall, when swung down and rested on two folding legs, becomes the dining room table. This discloses, behind the mirror, a revolving server which communicates with the kitchen. When the meal is finished the dishes are piled on the server and when this is revolved they are transferred to the kitchen at the sink and a 4-burner gas stove and oven, refrigerator and an electric washer. Opposite the kitchen door is the bath, fully equipped. At one end of the house, off the living room is a small sunroom with a built-in window seat. Communicating with this is a small dressing room. At the other end of the house is a den, with identical arrangement. In each of these two rooms full-sized beds disappear into the ceiling, the bottom of the bed serving as a large section of the ceiling. These beds are lowered by means of a crank in the dressing room and at night one end rests on the window seat and the other on two folding legs.

Glass doors which may be used to shut off the sunroom at night, slide back and form doors for book cases on either side of the doorway in the daytime. The heating plant is a small stove in a fireproof alcove off the hallway and this has been found sufficient to heat the house in the coldest weather. Further plans include a coal bin on the roof, holding two tons arranged so that by pulling a lever the fuel drops directly into the stove.

INSTRUCT CHILDREN.

TULSA, Okla., June 4.—Tulsa school children are being instructed this week by their teachers in the way to cross streets and avoid accidents. The move for this instruction was started by the City Club last Saturday, which passed a resolution requesting the city superintendent to have this instruction given to the school children before they are turned loose on the streets of the city when school adjourns Friday.

Some of the rules being given are:

Look both ways before crossing a street.

Don't try to beat an automobile across the street.

Don't cut across a corner.

Don't cross a street anywhere except at the regular crossings.

Obey the traffic officer's signals when downtown.

Observance of these rules is designed to prevent accidents, that have occurred frequently during the last year when several small children have been run over and killed by automobiles.

TWO GREAT PLAYERS
HAVE SEEN BEST DAYS

(By the Associated Press)

CHICAGO, June 4.—Two of the greatest baseball players were declared last winter by the hot stove league patrons to have seen their best days. The winter fans agreed that Ty Cobb would find the handicap of age and managerial duties with the Detroit Tigers too great to permit the stellar playing which made him the most feared player in the American league and that Walter Johnson of Washington, holder of many pitching records, was through.

The fallacy of winter predictions had been proved in the case of Cobb for the Tiger manager is playing as good ball as at any time in his career and is far ahead of his usual pace for this time of the year. In the case of Johnson, however, the records tend more to uphold the winter predictions, for the fire ball king does not seem to be able to get started.

Cobb's work has been the wonder of the season. Always a slow starter and well down the percentage lists in the early weeks of the season, the Georgia flash, is fighting for the league leadership in batting, stands well to the top in extra base hitting, is running the bases with all of his old abandon and in the field covers nearly the whole outfield. His arm is cutting off runners who seek to stretch hits and many of the Tiger's games have been placed in the won column entirely through the work of the manager-center fielder.

The latest averages give Cobb a batting average of .411, only fourteen points behind his teammate, Harry Heilmann, who is leading the league. Cobb has played in 38 games and cracked out 65 hits in 158 times at bat, for a total of 110 bases. His safe blows include two doubles, nine triples and five home runs. For the average player, several of his triples would have been only doubles but Cobb continues to stretch his hits to an extra base. Proof of his speed is found in sixteen stolen bases, which while not the mark Cobb generally sets for 28 games, still is a faster pace than any other veteran can stand.

Walter Johnson has never been the same since he reached the height of his ambition last summer by hurling a no hit game. The latest averages give Cobb a batting average of .411, only fourteen points behind his teammate, Harry Heilmann, who is leading the league. Cobb has played in 38 games and cracked out 65 hits in 158 times at bat, for a total of 110 bases. His safe blows include two doubles, nine triples and five home runs. WHAT MADE
THE CHANGE?

This Woman says Lydia E. Pinkham's Vegetable Compound Made Her a New Woman

Pittsburgh, Pa.—"Before taking Lydia E. Pinkham's Vegetable Compound I had bearing-down pains in my sides, stomach and back so badly that I could hardly stand up. I was white and very thin and nervous, had a poor appetite and only weighed 112 pounds. I took ten bottles without missing one dose and gave it a fair trial. When I finished the last bottle everyone asked me what made the wonderful change in me. I told them about Lydia E. Pinkham's Vegetable Compound and I recommend it wherever I can. I give you permission to publish this letter to help suffering women as your remedies are a godsend and made a new woman of me."—Mrs. F. A. BAKER, 4749 Butler St., Pittsburgh, Pa.

Why will women drag around day after day, suffering from backaches, bearing-down pains, nervousness and "the blues," enduring a miserable existence when they have such evidence as the above that Lydia E. Pinkham's Vegetable Compound is a dependable remedy for such troubles. For nearly forty years this grand old root and herb medicine has been restoring the women of America to health and strength.

Defects of Vision

By A. D. Coon.

Eyestrain ordinarily results from mechanical defects of the eye—not from diseased conditions.

In a perfectly normal eye rays of light pass through the lens of the eye and come to an exact focus on the retina in the back of the eye. From there the optic nerve conveys the sensation to the brain and distinct images are produced of the objects from which the rays of light come.

If rays of light do not naturally come to an exact focus on the retina there either will be indistinct vision, or the muscles of the eye will change its shape so that while the rays will focus on the retina, it will be at the cost of more or less severe eyestrain.

will experience the usual summer rush.

Tulsa high school graduated 265 seniors June 3, this being the largest class the school has had. The junior class, which will be the senior class next fall, has 350 members.

The University of Tulsa dismissed May 31 when 450 students went to their homes in Tulsa and other cities and towns. Seven degrees were granted to students and six certificates issued. In addition to the academic degrees granted LL.D. degrees were conferred on E. E. Overholtzer, superintendent of city schools, and Miss Alice Robertson, congresswoman from the second Oklahoma district.

The Catholic parochial schools dismissed 750 students this week with 7 high school graduates and 36 grammar school graduates.

A summer session will be held by the high school students who failed to make the required grades in all subjects. The university has abandoned its plans for a summer school. However, it is planned to hold a summer session there next year.

"If I could only sell something, it would be easy to get by," said a man a few days ago. He was instructed to invest a few cents in a News "For Sale" ad and he sold it. Moral: Are you taking advantage of your opportunity?

Baby Show
Opening Tuesday
JUNE 7th
Judging Starts at 4 p. m.

TUESDAY, JUNE 7.—Babies from 1 to 6 months. Prizes: Gold ring from Coon's Jewelry store for the winning girl and winning boy.

WEDNESDAY, JUNE 8.—Babies from 6 months to 1 year. Prizes: Bank with \$1.00 deposit from the Security State Bank to winning girl and winning boy.

THURSDAY, JUNE 9.—Babies from 1 year to 18 months. Prizes: One-half dozen photographs from Smith's Studio to winning girl and boy.

FRIDAY, JUNE 10.—Babies from 18 months to 2 years. Prizes: Bank with \$2.50 deposit from Oklahoma State Bank, to winning girl and boy.

SATURDAY, JUNE 11.—Babies from 2 to 3 years, and from 3 to 4 years, (two shows). Prizes: In the 2 to 3 year class, a bank with \$2.50 deposit for the First National Bank to the winning boy and girl. In the 3 to 4 year class, hand-tinted photograph from Stall's Studio to winning boy and girl.

THE ENTIRE PURE FOOD SHOW WILL
OPEN MONDAY NIGHT AT 7:30 O'CLOCK

With band, quartet from the Christian Church, and Miss Leone Steed will play.

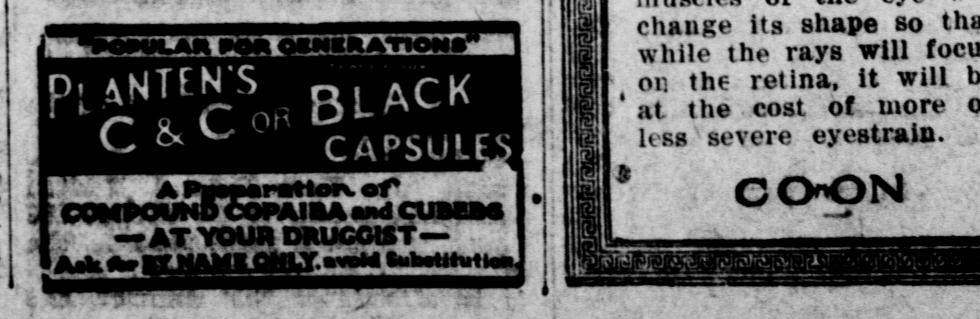

Your Best
Recommendation

"A well worn savings bank book showing systematic and frequent deposits is the best recommendation a young man can present when applying for a position of trust. It is not only an evidence of thrift but shows a determination to live on less than the income, which, in the last analysis, is the road to a competence. Recommendations and influence of friends of the applicant fade into insignificance with the above mentioned characteristics."

BOY SCOUT NEWS

WORK STARTED ON LODGE AT LAKE

After several weeks delay in getting arrangements made for the construction of a lodge at the city lake it is reported to be progressing rapidly.

The scouts expect to turn out in force next Monday morning for the purpose of starting the construction of the woodwork. All the scouts who are possibly able to do so should meet at the scout headquarters at 8 o'clock Monday morning. Boys will be needed to load the lumber on the boats, others to row it across the lake to the lodge landing, others will be needed to prepare it for use and another crew will be expected to use it. All material will be on the grounds by Tuesday morning.

When this bunk house is completed it will afford one of the most attractive places for the boys at all seasons. It will afford a good camping place, with plenty of fire wood and good water, swimming in the summer, fishing, boating and excellent opportunities for scouting and all times.

It is expected that over night hikes will be very frequent when it is completed as the housing problem will be solved. The fire place, bunks, attraction afforded by a real club house, all will go a long way in making the camping life more real and enjoyable.

The scouts who turn out Monday morning, or any other for work, will be given credit on the merit badge examination for pioneering. This is considered one of the most difficult badges to obtain and the boys will be taking a great step in scouting when they earn it.

The scout executive, Harry W. Miller, will have complete charge of the boys and all precautions will be taken to guard against accidents. Other scout leaders will also be present to have charge of the different crews of scouts to direct the work, see that things are carried out properly and look after the general welfare of the boys.

DEDICATION OF BUNK HOUSE SOON

Plans are already being made for a great celebration when the scout lodge at the lake is completed. A dedication program will be given, open house for all the scouts and their parents will be had, a basket supper and picnic will be enjoyed. All of these things with

Facts About the Counties

Each day some facts will be printed about an Oklahoma county in their alphabetical order.

Custer—The county lies in the west-central part of the state, rectangular in shape and contains about 1,000 square miles. It has 638,720 acres of which 479,841 are in farms and 273,990 in cultivation. The average altitude is about 1,500 feet. The principal crop is wheat.

The county is altogether an agricultural region and is nearly all in farms. Wheat and corn lead in production with kafir, oats, milo and sorghum cane and Sudan for hay following. Kafir, milo maize and feterita are raised extensively for feed. Water for domestic purposes is obtained from wells and cisterns while the rainfall is sufficient for agriculture.

Only in the southwestern and extreme southeastern parts of the county is there any rough territory. Washita river touches the southern portion and drains three-fourths of the county. The soil is generally a sandy loam.

Drilling is in progress for oil although no other minerals have been discovered. Practically no timber is found in this county. Rail transportation is adequate although much improvement can be given the county highways. Those along section lines are reasonably good when cared for.

Eighty two schools located in the county make the educational advantages adequate. The five year rainfall is 28.89 inches annually.

Many has been the time when a dollar invested in a want ad in the News has made it possible for a person to clear a thousand dollars on a farm sale.

many more yet to be decided on will make the opening of the lodge a long to be remembered event in the life of the boys.

It will be several days yet before the lodge is completed. This will give ample time for an elaborate celebration. Those who fall to be present or take part in this event will miss one of the greatest events in the scouting work here.

ARTICLES SCOUTS WILL NEED ON HIKE

As camping time is drawing nearer every day it becomes very necessary for those who expect to go to know what they will need. Several weeks ago the list of required articles were printed but they are being reprinted this week for the convenience of the boys.

Those who are interested are requested to get a copy of this list and keep it for reference. Now is the time for the boys to get busy collecting their belongings for the trip as hundreds of other things will turn up at the last minute, allowing no time for the collecting of personal belongings.

Here is the list:

- 1 scout handbook.
- 2 blankets or comforts.
- 2 towels
- 1 dish towel
- 2 shirts
- 2 suits of underwear.
- 1 bathing suit
- 1 pair of overalls
- 1 barracks bag or laundry bag
- 1 cake ivory soap
- 1 tooth brush
- Comb or brush
- Paper, envelopes and pen
- Fish hooks and lines
- Good remedy for "chigger" bites and mosquitoes
- Knife, fork and spoon
- 2 pie pans and mess kit

All who can take baseball gloves, balls and bats; dominoes, checkers and other games.

Other articles may be taken but no excess amount of baggage is necessary. Go light and enjoy the camp life better.

Merit Badges. The examining committee for merit badges will meet Tuesday evening of next week for the purpose of giving examinations to the boys desiring to take them.

The bugle contest standing of the troops will be printed next week.

Scouts keep in touch with Mr. Miller. He will be able to help you in many difficult things.

BITTER CONTEST FOR ELECTION OF MAYOR NOW ON

(By the Associated Press)
MINNEAPOLIS, Minn., June 4.—One of the most bitterly fought mayoralty contests in the history of this city will come to an end June 13, when voters of Minneapolis will elect either Colonel George E. Leach or Thomas Van Lear, as the city's executive. Not since the last general election in November has there been such strenuous campaigning.

Mr. Van Lear, mayor of this city four years ago, and endorsed this year by the Working Peoples Nonpartisan Political league and the local Trades and Labor Assembly, led his four other opponents in the primary election May 9, his nearest competitor being Colonel Leach, who trailed him by about 7,000 votes in winning the other nomination.

Colonel Leach, commander of the 151st Field Artillery, was selected in April by an unofficial republican convention to make the race against what the convention termed "radical" candidates.

T. H. Colwell, also a republican, but opposed to the convention plan, remained in the race, but ran third.

Outstanding in the election was the placing on the ballot and strength shown by Labor and Socialist candidates running for the city council and other municipal offices. Although elected four years ago on the socialist ticket, Mr. Van Lear has quit that organization and since has been identified with the Nonpartisan League. A socialist nominee for mayor, put up against Van Lear, polled few votes.

Socialist and labor candidates will make up a bigger minority of the city council than at present. Of the seven Socialist aldermen now in office, five are holdovers whose terms expire in 1923, and due to the elimination of their opponents in the primary, the labor and socialist group may bring their voting strength to 11 of the 26 votes in the council.

Both forces—the Leach and Van Lear—have urged strenuously that all eligible to vote, do so. The primary election was a disappointment to them as only 92,500 persons voted as compared to 150,000 in the last general election.

The campaign has been marked by numerous verbal clashes between the nominees, the Van Lear forces charging Leach with being the "tool of the republican gang," and the Leach adherents attaching radical apppellations to Van Lear.

NOT ALL OKLAHOMA FRUIT WAS KILLED

PONCA CITY, Okla., June 4.—The 10,000 apple trees that make up the orchard on the 101 ranch here will produce another record-breaking crop this season, according to Joe C. Miller, the ranch agricultural manager. Miller made this statement Thursday in answer to press reports from Kansas and other places declaring that the apple crop is ruined along with other fruit crops because of the late freezes. Miller's statement as to the 101 ranch orchard is borne out by

WILL CARPENTIER JOIN THIS LIST?

Jim Flynn.

Jim Flynn knocked out Jack Dempsey in one round back on February 18, 1917, but couldn't let well enough alone. A year and a day later at Fort Sheridan Dempsey knocked Flynn cold in the first round.

other orchards in this section, all of which show a bountiful apple crop for this season.

"Our apple orchard is on a rather high bluff at a curve in the Salt Fork river," said Miller, "and I feel that the location had a whole lot to do with preventing the apples from freezing this spring when other fruits suffered. The river, lying below the orchard at some distance, got the result of the cold wave and the orchard was protected."

The fact that chaos reigns in Europe isn't news to the doughboys. Something was always raining when he was over there.

Are we to understand that the anti-tobacco people deserve credit for the world's unwillingness to smoke the peace pipe?

ORR FUNERAL TO BE HELD SUNDAY

Funeral services for Dr. C. L. Orr, who died at his home here Thursday morning, will be held at the family residence, 712 East Tenth street, Sunday afternoon at 3 o'clock. The deceased will be laid to rest by his brothers of the Masonic Lodge.

Relatives from other states in town to attend the funeral are two sisters, Mrs. Will Hancock and Mrs. J. R. Dunaway of Wauhachie,

Texas, and Dr. D. F. Orr of Rio, Texas. One son, B. F. Orr, of San Francisco, will arrive early Sunday morning.

Aarons Released
Mr. and Mrs. George Aaron, who were tried before Justice of the Peace H. J. Brown Saturday morning on a charge of assault and battery, were found not guilty. These people live in the Egyptian community and the charge was for an alleged assault on Dora Palmer, a sixteen year old girl.

Mrs. Jack Harris who has been confined to her home for several days, is reported to be much better today.

GO TO CHURCH

Ada has the distinction of being both a school town and a manufacturing town, a distinction few cities possess. Now we should add one more possession to our list and make Ada a church-going town. An hour each Sunday morning and another each Sunday evening in church will prove an inspiration and better fit one for the cares of the week-day life.

There are few people, we believe, who do not regret the passing of much of the former enthusiasm for the "old time religion." However, the religion of the present day is more human and sympathetic than that taught by the Puritans two and three centuries ago. At the same time, the religion of today has for its one essential the same that the Puritans had, the love of Jesus Christ. And it is this love that every one must possess in order to be a complete man.

We suggest that you determine now to attend church tomorrow. Go not to be entertained, though you will be, but go to put yourself into the spirit of the service and to give as well as to receive. The sermon is not the greatest thing you get at church; it is the spirit of comradeship, the spirit of living not for self alone but for the good that one can do. If you go to church with this kind of feeling, you will want to go again and again and again.

TOO MUCH ABUSE

Already newspapers and public speakers have begun a campaign of abuse against President Harding. Some of the publications most ardent in his support last fall are now most bitter in their condemnation of his policies. It is but another example of the common American pastime of abusing and ridiculing public officials.

We abuse the Reds because they abuse the government, and at the same time we are often responsible for the Reds' thunder. To the average person the government and the officials are the same. If one is not "perfect," it therefore follows, in the minds of many, that the form of government is imperfect also, and should be supplanted by a "perfect" form. While it is well to call attention to the faults of those in authority, publications and individuals in public life ought to be careful of the abuse they heap upon those who have been elected by the American people to make and enforce their laws. If we cannot respect those in authority, then whom can we respect? If the wrong man is always in office, then there must be something radically wrong "with the system."

Frankly, we believe that in a majority of cases good men are elected to office and that these good men are absolutely honest, upright and conscientious. We have not lost faith in humanity and believe that the world is growing better instead of worse. If we should be more careful about our statements and try in every way to assist those in authority, our officials would render better service.

NOTHING BUT FLUBDUB

The alacrity and unanimity with which the senate adopted the Borah resolution calling for a disarmament conference would seem to indicate that the resolution is not worth the paper it is written on. The friends and agents of war have too firm a grip on the senate to permit the passage without a struggle of any measure that promises peace. The fact that the resolution encountered no opposition and was adopted without a dissenting vote brands the effort of the Idaho senator as nothing but the rolling of a parliamentary tub.

But friends of peace may derive some satisfaction from the introduction of the resolution and its speedy adoption. It may tend to call public attention to the grim plague spot that wastes the substance of nations. It is startling to think that of every dollar our government spends near ninety-two cents is spent to help pay the cost of war. If war cost nothing in money, it would be bad enough; but when its prosecution forces abnormal expenditures and taxes the very breath from the nostrils of a nation, it appears infinitely worse. War is stupid and it is costly, and anything that promises to render it less probable is deserving of the thoughtful consideration of the public.

The Hugo News is handicapped by a strike of the printers. It is difficult enough to get out a newspaper with everything working well, and we sympathize with the Hugo publishers.

If Ada had a few more shade trees, it would help the appearance of the city. Let's determine now to put out several more trees next winter. Meanwhile flowers will help things.

Tulsa has long been boasting of her unparalleled achievements, and now there are many cities throughout the land that are willing for her to have all the honor.

It takes two angry men to have a fight. It is presumed the same is true of races.

ISLANDERS LIVE PRIMITIVE LIFE; STYLES UNKNOWN

By the Associated Press

PAPEETE, Tahiti, June 4—Rapa (or Rapa Iti, to give its full name) is an island about 700 miles south of Tahiti, untouched by the corrosive blight of civilization, whose natives live in a state of primitive simplicity as described here as "unaffected by Paris Fashions or high heeled shoes. Indeed, they have no fashions at all except such of a cast off nature, as may be supplied at very rare intervals by the good people of Tahiti, when the missionary schooner chances to be going that way."

Ben Miller of southern California, paid a Los Angeles seed firm \$38 for celery seed, supposedly of the golden variety but which failed to produce celery that would bleach and has got a judgment for \$4,000 to cover his loss in idleness of his land.

It is a corking fine precedent. Daily Admire: The action of the Kansas City Federal Reserve Bank in authorizing discounting of the paper of automobile concerns, both manufacturing establishments and dealers, indicates strongly the way the financial winds are blowing.

If there is anything to be deduced from this action, it is that the worst of the threatened financial depression has passed and that the confidence of the financial world has been, or is fast being returned to normal.

The action of this banking institution means that the money market will be less stringent, that credits will be easier, that trade conditions will become more flexible and that a healthy business in all lines may be expected.

The cool and level-headed business men, both the retailers and wholesalers, the manufacturers and the jobbers, acting in conjunction with the bankers of the nation, may be held as the ones who are to be thanked for averting one of the worst crashes which had ever been recorded in the financial history of the United States.

Last fall, when the bottom dropped out of the market, when prices began to slump and the raw material produced on the farms fell below the cost of production, when small banks all over the country trembled upon the verge of ruin and the larger banks were forcing collections from their correspondents in the smaller commercial centers and country towns, conditions were, to say the least, most threatening. It was then that the work of cool heads was needed, and it was the work of such heads that tided the commercial centers over and brought all through to what now seems to be a point in the readjustment of affairs where financial safety looks to be assured.

Prices last fall, when the reaction set in, were abnormal. They had reached the point where they not only could not go any higher, but where they were already far too high for the financial safety of both the producer and the consumer.

Unfortunately two of the leading interests of the nation were the first affected—the farmers, those men who produce the raw material from which everything made and consumed is manufactured, and the automobile manufacturer, the man who has done more than has the maker of any other utility in keeping money in circulation.

With a means already provided, the auto industry will come back into a state of normal healthfulness, while the steadyng of the markets on raw materials, joined to the establishing of safe credits to good men, the farming industry—that greatest of all sources of supply—may be expected to reach a basis of stability which will enable the farmer to live and produce and market his supplies with a fair margin of profit.

Boy Scouts to Camp.

TULSA, Okla., June 4.—Between 500 and 1,000 Tulsa boy scouts have the privilege of enjoying the summer camping trips conducted this year by the Boy scout organization and the Y. M. C. A.

The Y. M. C. A. camp will be started in July when groups of boys will be taken to Camp Tahlequah for 10-day camps. The trips will be supervised by boys' work experts who will see that the moral, educational and recreational phases of camp life all receive proper emphasis.

These boys will go in groups of 50 to 100, beginning with the younger boys who have been in school and finishing up with the young employed boys.

The boy scouts camped at Camp Tahlequah last year but this year the organization executives are looking for a camp site closer to Tulsa which will be available for weekend camping trips throughout the year.

To Deliver Sermon.

OKLAHOMA CITY, June 4.—Dean A. W. Goodell will deliver the baccalaureate sermon to graduates of Oklahoma City college here Sunday, June 5. Dean Goodell, granted a year's leave of absence from the college to attend Yale, returned today to deliver the sermon.

In the senior class there are nine who will receive B. A. degrees and six will be graduated with kindergarten certificates. Three of the graduates have served the last year as instructors in the local high school. Oklahoma City college is a North Methodist denominational school.

Why spend a half day trying to find what you want when you can find it with little expense by using the want-ad columns of the News? They are big winners.

efforts they are obliged to make in the act of chewing, and when this wearsies them, they resume their slumbers until the next meal time.

Unfortunately, Rapa is remote and inaccessible. There is no direct communication from Tahiti except when the French gunboat makes a voyage that way (once a year or so) or the missionary schooner makes its rounds even less often.

Being well out of the Tropics the coconut tree does not thrive there; the only product of any commercial value being coffee. This is not, however, worth going after as sufficient coffee is raised on Tahiti and the nearby islands to supply the demand.

Scientists are interested in Rapa on account of some massive stone work situated on the hills that look like fortifications. Who built them and for what purpose are problems yet unsolved.

Representatives from the Bishop Museum of Honolulu now in these islands are endeavoring to get the Rapa in order to study these remains and to solve the mystery of their builders.

Do you have a lot for sale, a house, an automobile, a cow, horse or anything else that somebody else wants? The quickest, cheapest and most satisfactory way to dispose of this is by using a "for sale" ad in the Ada Evening News.

Better be safe than sorry. Advertising in the News Want Ad columns. Quite an idea, eh?

Want to buy a home? Turn to the want ads.

Miss Grace Adams left yesterday afternoon for her home in Okmulgee where she will spend the weekend with her parents, Mr. and Mrs. W. H. Adams.

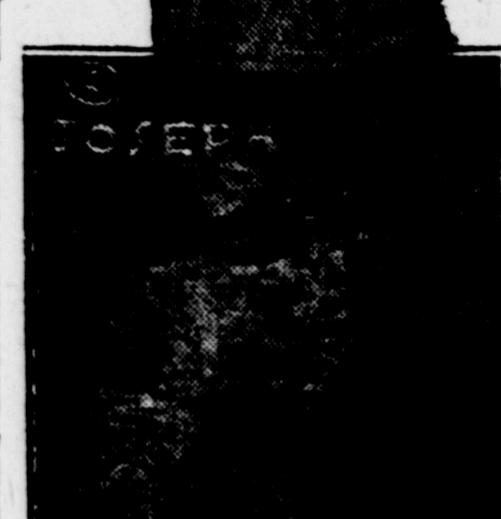

Bridge Party
Mrs. M. L. Lewis is entertaining a number of friends at her home on South Cherry this evening with a bridge party in honor of her sister, Miss Grace Barry of Dallas, Texas.

Junior Auxiliary
Members Spent Day Sewing for Poor

The young ladies who compose the junior auxiliary of the Presbyterian church are proving themselves to be members of a real live organization, willing to help others and perform their mission in the city. It was through their desire to be of some benefit to the needy that a meeting was held Monday evening at the home of Mrs. A. M. Russell.

Each member took her lunch and the day was spent sewing for children who were greatly in need. Electric sewing machines were supplied by the hostess and the American Legion memorial day was spent in the very appropriate manner.

Two little girls, who have been out of employment for some time and whose mothers were unable to do anything on account of ill

Joseph presents this tailored dress of thin covent cloth and introduces frills of white handkerchief linen. The belt is of red leather. The accompanying chaplet is of canton crepe. On the large roll brim nestles a tassel of celophane and floss.

health, were selected by the young ladies. Material was bought for the making of dresses, underwear and other articles of use to the girls, and enough were supplied to keep them well clothed all summer.

When a visitor happened by late in the afternoon, just as the junior ladies had completed their work and had their models all decorated in dainty frocks, each with a touch of handwork, the saying of the Savior: "Inasmuch as you do unto the least of these, you have also done it unto me," was the uppermost in her mind.

Mrs. E. D. Norman is confined to her home today on account of illness.

A. M. Bailey returned to his home here last night after spending several days in Pauls Valley, where he distributed a car of Blue Ribbon.

"Parisian Beauty Shop"—Hair dressing, massage, manicuring, scalp treatment, Room 20 Shaw building, phone 1144. 4-26-1mo

Buck Bowen, who is interested in the Ada oil field, has just returned from a business trip to Wichita Falls, Texas where he is also interested in the Texas field.

Enroll in the Ada Business college, for the summer term beginning Monday, June the 6th. 6-4-1t*

Essie Osburn has completed the plans and arrangements for the construction of a residence in College addition. It will cost approximately \$2900.

The Abney & Massey real estate company are building a \$4000 residence in the Dan Hays addition. This will be a strictly modern home according to the plans.

Sewing fancy and plain. Call Mrs. Woolbright, 231 East 14th. Phone 972. 6-4-3t*

It was reported on the streets today that a robbery had been committed during the night. The mayor reports that one of the night men had found the door to the Gwin & Mays Drug store open late last night, but that nothing had been taken from the store. It is believed that this is the cause of the rumor...

The work of repairing the crossing on the Katy tracks on East Main street has been completed. This puts the crossing in a better condition than it has been in months. The hard bumps given cars while passing there have been considerably reduced.

As a result of the water consumption of the city being somewhat modified by the recent rains, W. S. Smith, commissioner of the city water department, has been taking advantage of the opportunity to fill the city reservoir near the brick plant. One compartment of the reservoir has been filled about 8 feet, or over 600,000 gallons put in.

The manager of the municipal bathing pool at Glenwood park is preparing for a big day Sunday, especially in the afternoon. With the large crowds which have been patronizing the pool this week still very enthusiastic, it is expected that the pool will be crowded to capacity all day.

DARING SOLDIER IN LEAP ACROSS GRAND CANYON

Walter H. Duncan making his perilous jump.

Walter H. Duncan, formerly of the old Fifth Division and now convalescent in the U. S. Public Service Health hospital at Prescott, Ariz., recently made a daring attempt to leap across the Grand Canyon. He is shown here making the perilous leap, which is across a chasm 4,000 feet deep and 16 feet wide.

Miss Mary Etheridge of Stonewall was shopping in the city Friday afternoon.

Enroll in the Ada Business College for the summer term beginning Monday, June the 6th. 6-4-1t*

D. R. Frederickson is building a \$3700 residence in South Side addition work on which is now under way.

E. O. Wasson is having a barn and garage built on his property which will cost about \$750.

Enroll in the Ada Business College for the summer term beginning Monday, June the 6th. 6-4-1t*

Mesdames Howard and Gorman of Sasakwa were in the city between trains this afternoon shopping and visiting.

John Hatcher of Holdenville left today for his home at that place after spending several days in the city looking after business matters. He will spend a week-end with his family, returning to this city Monday.

Misses Gladys Vincent and Mabel Jackson of Roff were shopping at various business houses in the city yesterday. They remained in the city today to visit with friends.

Beri Wallace of Sapulpa left in his car today for Oklahoma City. He has been in the city for the past week on business and will spend a short time in the city before returning to his home in Sapulpa. He has a number of friends in Ada.

The interior improvements which are now under way at the police station are to be a great improvement over the former arrangement. As soon as the work is completed, visitors and others will be fenced off from the jail. The judge's office will also be better arranged.

A police official was in Ada Friday evening, looking for a gentleman of color, wanted in the Marshall county city on a charge of burglary. He took back a negro, whose name could not be learned. It is understood that the negro is one of the bunch convicted by Mayor Kitchens a few days ago on a charge of gambling and was released on an appeal to the county court.

Who's Who at the Normal

Joe Wales

Joe Wales, one of the old timers in this section of Oklahoma, is back in Ada, attending the summer term of the Normal. Joe will be remembered by many, as he has been here off and on for a dozen years. He is a brother of Mrs. Fred Cox, and his wife was formerly Miss Beulah Kite, at one time a popular student of E. C. S. N. Joe does not spend all his time teaching any more, as he has recently taken time to take down a big profit on strawberries in Southern Arkansas. Mrs. Wales is now on the farm.

Mr. Wales expects to get his diploma from the Normal within a few months.

★

CEMETERY ASSOCIATION TO ASSIST MOTOR CLUB

The drive for new members in the Good Roads Motor club will be conducted by the Cemetery Association, and the women say they are going to line up every one who

rides in a gas going vehicle. Mrs. Ross, president of the association, stated today that after learning of the good work of the Good Roads Motor club, she felt it would be no trouble to secure at least a thousand new members. She says she believes everybody who drives a truck or automobile will be glad to join the club. "We have our organization divided into teams and each will have their district to work in, and we are not going to stop until we cover the entire clubs district," she explained.

"Our danger road signs are now complete and we will begin at once to erect them along the highways," said Mr. Stall. "We have one of the best road men in this section of the country employed to cooperate with the county commissioners in grading the roads, while Mr. Roach will assist them in seeing that the roads are drug at the proper time.

"At the last meeting of the Lions Club, the officials of the Good Roads Motor club were given an opportunity to state what accomplishments the club had made. After hearing their report, the Lions

club endorsed the work of the Good Roads Motor club unanimously, and voted to do everything possible to promote the club.

"The gasoline revenue which the distributors are donating to the club amounted to \$536.07 for the month of May.

"At present the club has three men and one team helping the county commissioners on the Max-Sandy bridge is in they mean to try to have this road in tiptop shape.

"The county commissioners are making every effort to expedite the completion of this bridge and get this highway in good condition which has been next to impassable for some time."

"The county commissioners are making every effort to expedite the completion of this bridge and get this highway in good condition which has been next to impassable for some time."

An Announcement by The Studebaker Corporation of America

In this quarter we shall produce 21,000 automobiles against 11,000 in the corresponding period of last year. This is an increase of approximately 100 per cent.

No other automobile manufacturer is making a comparable showing.

We believe that the confidence of the public, which has made and is making this record possible, will continue, because it is supported by the quality and value of our products, and these we shall uphold.

We expect that as a consequence the present economical and efficient production basis can be maintained and that we are justified in making further reductions in the prices of Studebaker cars.

Spending 7 Per Cent of Life at Washtub

The women of America, are spending seven per cent of their waking lives at the family wash-tub and over the ironing board.

We are learning on inquiry that in the average family at least eight hours weekly are required for the family washing and ironing. We then credited women with sleeping 56 hours a week—leaving them 112 waking hours. Of these 112 hours, we figured 8 hours roughly as seven percent.

We finished this report with the conclusion that this washboard labor could be reduced to less than one percent if housewives would send their family bundles to the—

DR. BARNARD, CHIROPRACTOR

Dr. Barnard is a graduate of the American school of chiropractic at Chicago, and he also has taken a post graduate course in a Chiropractic school at Davenport, Iowa. The offices of Dr. Barnard are located at 112½ West Twelfth street, where he has a large suite of rooms, that are equipped with all of the modern conveniences, known to the Chiropractic profession. The doctor's hours are from 8:30 to 11:30 a. m., and 1 to 5:30 p. m., and his phone number is 85.

Years of earnest application to his profession, and a sympathetic desire to alleviate the sufferings of human kind has rewarded Dr. Barnard with a most keen insight into the causes and corrections of human ills.

The Chiropractic profession is very much opposed to surgery and medicine, believing that many forms of diseases can be corrected by the science of adjusting, and that this system alone is the only proper way of combatting many forms of human ills. It is the science of common sense, they claim, which is scientifically applied to the human machine adjusting this machine when out of order, as a mechanic would do in correcting the defects by adjusting the mechanical parts of any other machine.

Dr. Barnard came here from Lindsay, Oklahoma, where he had been practicing the last four years. He has been in Ada for a little over one year, and in this time he has built up a large practice in the city proper, and also has many patients in the small towns around Ada.

DR. J. C. BARNARD CHIROPRACTOR

My office is equipped with Griffin Highlow Table. I have a violet ray electric machine with all the currents to be used in Electro-Therapy. I am a graduate from A. and M. College of Chicago. Eight years in practice. If you are afflicted in any way see me. First stairway east of post office.

Condition of Roads Is Reported by Club Leading Out of City

Those who are planning to make an overland trip to any of the nearby towns in the county tomorrow will be better prepared for the roads after reading the following report compiled by the Good Roads Motor club.

Allen-Ada road is in fair condition, several rough places and small washouts being reported. The recent rains have not damaged it very much, and reasonable time can be made over it.

Francis-Ada road is in about the same condition as the Allen road. Cars have been passing over it without interruption. Several small mud holes are to be encountered.

Stratford-Ada road is in a good condition. Fair time can be made over it, following the recent rains. No bad washouts have been reported.

Fitzhugh-Lawrence-Ada road was reported to be in a very bad condition. The rocks near Lawrence have made the road almost impassable and much damage is being done to the cars attempting to go over it.

Stonewall-Ada road is in fine shape, according to the reports. The recent rains have put it in a good condition and rapid progress is to be made over it. Mud holes, washouts and rough places are very few on this road. The Byrd's Mill road is also in a fine condition.

The crossing of the Canadian river at Francis is now an easy problem as the Francis ferry boat is operating with success. The Francis low water bridge is now passable, according to the report. Cars are also able to make crossing at the Byrd low water bridge.

The road to the Asher bridge is in fine shape.

In The Oil Fields

Ninety-nine times in a hundred natural resources in the community lie dormant until some outsider comes in and develops them. This is exactly what happened here; the Carter-Nance-LaSelle syndicate brought in the discovery well on the Burk farm and, presto! as if a magic wand had been waved, the entire perspective of this community was changed over night and hundreds of thousands of dollars were put in circulation among the farmers and business men of this community as was evidenced by local bank deposits which increased nearly half a million dollars in a very few days.

Things have quieted down since the initial excitement due, first, to the fact that a false report concerning the well was circulated, and second to the fact that considerable difficulty was experienced in getting the casting set at the proper depth. It was first set too high, permitting the well to cave and was then set too low, shutting off the oil, but these and other difficulties are naturally to be expected in discovery wells. By using the log of this well, however, these difficulties can all be virtually eliminated in drilling future wells in this district. One thing, however, has been positively demonstrated by this well and that is that there is undoubtedly a large pool of very high grade oil at our very doorstep, awaiting development, which should make this one of the most prosperous communities in the entire country.

One can look around and see many practical demonstrations where divine fortune has smiled on an entire community in the development of a large oil field. When the Fowler well came in in Wichita County, Texas, Wichita Falls had a population of twelve thousand. This population increased to over forty thousand inhabitants in about three years and during the same period that city has built three magnificent sky-scraper office buildings and a luxurious hotel to say nothing of innumerable beautiful homes.

The development of this field will probably be similar to that of Mexia, Texas, where the discovery well brought in on the Rogers farm by the Humphreys Oil company did not make nearly as good a showing when it came in as the Carter-Nance-LaSelle well. They were also afraid to drill their first well too deep in the sand and were satisfied to drill well enough alone with their first well, realizing that they would profit by their

Methodist Churches Will Start Drive for Funds Tomorrow

NASHVILLE, Tenn., June 4.—(Special)—The financial drive thru which Southern Methodists are seeking to raise \$33,000,000 for Christian Education will be continued another week. According to authorities at headquarters, this extension of time is granted at the request of pastors and laymen throughout the connection; and those churches which have not attained their full quotas will be allowed another week in which to secure pledges.

"We are organized for victory," said Dr. J. H. Reynolds, director general of the Christian Education movement, "and we know no such word as fail. Many a battle has been lost by a lack of courage or zeal in the last critical hours of the struggle. The time for hesitation or doubt is passed and the time for action is at hand. The results now largely depend upon the faithfulness, zeal and enthusiasm with which pastors, presiding elders, directors, and members of teams present the financial appeal.

"While many churches throughout the connection have raised their quotas, and more, a large number will not launch the drive until Sunday, June 5, which will necessitate more work in securing pledges during the week of June 5-12. Ample opportunity will be given

by this extension of time for every church which has not raised its quota to continue the work with renewed enthusiasm. Many churches have done nobly during the past week and in hundreds of cases gifts from individuals living in the financially depressed sections have been sacrificial."

GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Cameron, Okla.—"I have used Thedford's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bostier, a well-known farmer of this place. Mr. Bostier has passed his three-score-and-ten year, but declares his health still is good, and "I can say Black-Draught did its part."

"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Oklahoma farmer. "It is one that I know to be reliable. I use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

Thedford's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way.

Ask your druggist for a package to

day. Insist on Thedford's. NC-139

I lot of Ladies' Purses, very new patterns and styles of Matinee, Kodaks, Vanities, Canteen styles in grain sheep, morocco, Persian lamb, **\$1.98** great values at, each

We are not going to tell you that these items are big values at \$1.00 or formerly sold for \$1.00 and we are selling them for 48 cents—we feel you have had that told you enough—we just want to say that QUALITY CONSIDERED AT ALL, these are the biggest values in this class of merchandise that we have been able to find on the market today and as we bought for 13 stores, we were able to get price concessions that could not be had when buying for a single store. We want you to compare the quality and the price, and put what we are offering up against any competition in the country.

In addition to the advertised articles we want to call your attention to other merchandise which we have that you will need during harvest season.

Aluminumware
Enamelware
Knives and Forks
Tinware
Toweling
Cooking Utensils

Kitchen Utensils
Crockery
Towels
Soaps
Glassware
Hardware Specialties

During this sale, we will also have special prices on all our Ginghams, Percales, Chambray and all other yard goods.

It is at Reed's that you always find the most complete line of Notions, Drug Sundries, Candies, School Supplies, Stationery, etc.

Learn to visit Reed's every time you are in town or down town—to watch their windows—you will always find something of interest and merchandise priced that will mean a saving to you.

All the sale merchandise will be displayed in our windows for your inspection. The special merchandise will not be placed on sale until date specified but will remain on sale throughout the life of the sale or until all is sold.

Church and Sunday School

St. Luke's Episcopal Church
There will be sermon with Holy Communion at 11:00 a. m. with Arch Deacon Spencer Mounsey, officiating.

Sunday School will be at 9:45 a. m.

Every one is cordially invited to attend these services.

There will be no evening service.

C. E. Program for June 5 Consecration Meeting

Prelude.—"Thy Kingdom Come;" Matt. 6:15.

Song service.

Why does God care just as much for China as He does for America?—Ora Ewing.

Whose business is it to save the world? Why?—Don Evans.

What foreign missionary field is most interesting to you? Why?—Bernice Roach.

What is the best solution for the world problems of today?—Dr. Patterson.

Current Events—Telling how the gospel and teachings of Christ will apply to the accident—Thelma Roberts, Hubert Priest and Wilson Chilcutt.

Business, Mizpah.

Christian Church Announcements

The Sunday program for the Christian church is as follows:

9:45 a. m.—Bible Class.

11:00 a. m.—Morning Service.

7:00 p. m.—Senior Y.P.S.C.E.

8:00 p. m.—Evening Service.

At the Bible school there are classes for all. The young people's class is one of the very best in the city and the men's bible class, which meets at the American theater at 9:30, is the place for all men. It is a class of men, by men and for men.

The Christian Endeavor meeting at 7:00 o'clock in the evening will also be of special interest to the young people.

At the evening hour a special Children's Day program will be given. Everybody is cordially invited to attend all these services.

H. M. WOODS, Pastor

Children's Day Program

Opening song.

Welcome Children's Day—Edna Gray.

Little Folks—Doris Saunders.

Come Rain or Shine—Barbara Woods.

I'll Tell You Something—Joyce Van Eaton.

Song—Sunbeams.

Giving Sunshine—Verma Crider.

Piano Solo—Charles Cushing.

Johnny Jump-ups—John Henderson, M. A. Waits, Jr., J. W. Hardin, Jack Warren, Lindell Walters, O. J. Gray.

Solo—Clarine Roach.

Mending the Nets—Richard Couch.

Quartette—Mildred Combs, Jesse Lee Woods, Marshall Waiters and Hubbard Lowery.

Daisy—Reba Mallory, Lula Ozell Hardin, Paula Waits.

Reading—Laverne Warren.

Drill—Miss Lee's class.

Solo—Mrs. Ingram.

Song—Willing Workers.

Sermoneette—Pastor.

Male Quartet.

Offering.

Goodbye to Children's Day—Mildred Scales.

Methodist Church

The pastor will preach at 11 a. m. and 8 p. m. Morning subject, "The Honor of the Church, and the Glory of God." Evening subject, "For or Against."

Our splendid Sunday School meets at 9:30 a. m. Special classes for Normal students and teachers as follows:

Prof. R. R. Robinson's class for young men and young women.

Prof. Fentem's class for young married folks.

Miss Carney's class for young women.

Judge Green's class for young men of high school age.

Mrs. Granger's class for young women of high school age.

Mrs. Orr's class for women.

Mr. Adair's class for men.

The Epworth League meets at 7 p. m. All young folks invited.

A hearty welcome to all these services.

R. C. Taylor, Pastor

At American Theater

Attend the Sunday School class at the American Theater under the auspices of the First Christian church. Dr. A. Linscheid, teacher, 9:30 a. m.

The class is composed of men of all ages. All are invited, especially those who do not attend Sunday School elsewhere.

The class is growing both in attendance and spirit. You are welcome, Come!

First Baptist Church

There is a Sunday School contest on between the Baptist Sunday School of Ada, McAlester and Durant for attendance. It begins tomorrow and lasts three months. There is to be no prize but simply a friendly contest to see which of the Sunday Schools can show the largest average attendance for three months. Of course we cannot afford to let these two little bugs get ahead of us so everybody will have to attend who is not already attending Sunday School somewhere else.

Our school begins at 9:45 with Mr. J. A. Ridling as Superintendent. Mr. W. T. Melton is superintendent of Intermediate Department; Mr. J. E. Harris, Superintendent of the Junior Department; and Mrs. J. A. Ridling, Superintendent of the Be-

ginners and Primary Department.

The Men's Bible class meets at the McSwain Theater at 9:30. We had 85 men present last Sunday. We were disappointed to note that so many of the men who had been attending were absent. We hope to see you present tomorrow and on time. Mr. L. A. Ellison is the teacher of this class.

At the morning hour of worship the pastor will preach on the subject, "God's Fullness for an Empty Vessel." We are exceedingly anxious to have the entire membership present for this service. We want our people to begin to get in the right attitude of mind and heart for the meeting which begins on June 19th.

The Sunbeams will meet at 3 p. m. Miss Annie Bell Perry will be in charge.

The Juniors meet at 7 o'clock with Mrs. A. H. Davis leading.

The Intermediate B. Y. P. U. will meet at 7 o'clock, Mr. and Mrs. C. A. Bell will be in charge.

The Senior B. Y. P. U. will meet at 7:15. There was a large number present last Sunday, about fifty, and among them many Normal students. We hope to see more of them present tomorrow.

At the evening hour of worship, the pastor will preach on the subject, "A Real Hell for Real Sinners." In these modern times we are in grave danger of soft pedaling the "Hell" of the Bible into a sort of a summer resort. Come tomorrow night and let's examine the place from a Bible viewpoint and see whether or not there must of necessity be a hell.

The Woman's Missionary Society will have a business meeting at the church Monday afternoon at 4 o'clock. All districts will meet together.

The Workers and Teachers Council will meet at the church Monday evening at 8 o'clock. It is extremely important that every teacher and officer of the Sunday School be present.

Clyde Calhoun Morris, Pastor

St. Joseph Catholic.
Mass at 9:30.

Christian Endeavor

Christian Church, June 5

Topic: Thy Kingdom Come.

Leader—Clifton Parker.

Song.

Prayer.

Song.

Scripture Lesson—Matt. 6:7-15.

Reference reading and remarks:

Dan. 2:31-45—Carrie Roach.

Luke 24:44-49—Charles Cushing.

Isa. 42:1-4—Dorothea Waggoner.

Matt. 28:16-20—Miss Williams.

Song.

John 12:20-26—T. D. Emerson.

Matt. 13:31-32—Cecil Qualls.

Duet—Misses Dona Bell Lee and Clarine Roach.

Why should we desire the early coming of Christ's kingdom on earth?—Nellie Moore.

What will the world be like when Christ's kingdom comes?—Mary Waggoner.

Solo—H. M. Woods.

What changes would the coming of the kingdom make in our politics, our church and our social life?

—Francis Scarrett.

Will enactment of good laws bring in the kingdom?—Oscar Parker.

What is the status of Christianity in the world today?—H. M. Wood.

Song.

Business.

Church of Christ

Sunday School, 10 a. m.

Communion Services, 11 a. m.

Young People's Meeting, 7:30 p. m.

Everyone is invited to attend these services. Two hundred and eighty-five were present last Sunday and it is hoped more will be present tomorrow.

HARVEST HANDS

TO GET FROM \$2.50

TO \$3.00 A DAY

W. C. Jones is in receipt of a letter from State Commissioner of Labor Connally, stating that the harvest of wheat will start in southwestern Oklahoma next week.

Wages will range from about \$2.50 to \$3.00 a day, and no one but whites, who speak English, is wanted.

Mr. Connally will keep in touch with Mr. Jones, and those who desire to go to the harvest fields should go to see him.

NO MATTER WHO WINS BOUT JULY 2

WE ARE SURE OF A FEW CONSEQUENCES
